PERSONAL STATEMENT

I am a final-year medical student at October 6 University seeking U.S. clinical exposure to strengthen my diagnostic, patient communication, and clinical reasoning skills. I have completed core rotations and observed emergency medicine at Qasr El-Ainy Hospital. My goal is to integrate evidence-based U.S. practices into my future medical career. I am currently preparing for the USMLE Step 1 and intend to pursue postgraduate training in the United States. I bring strong English fluency, adaptability, and a collaborative mindset to clinical environments.
